

# Julie L. Lockwood

## General Information

Associate Professor  
Director, Graduate Program in Ecology and Evolution  
Ecology, Evolution, and Natural Resources  
14 College Farm Road  
Rutgers University  
New Brunswick, NJ 08901-8525  
732-932-9336  
lockwood@aesop.rutgers.edu

## Education

<u>Institution</u>	<u>Degree</u>	<u>Year</u>
Georgia Southern College	BS Biology	1990
Georgia Southern Univ.	MS Biology	1991
Univ. of Tennessee	Ph.D. Zoology	1997

MS Thesis: Morphology, competition and the structure of some introduced passerine communities. Advisor: Michael P. Moulton.

Ph.D. Dissertation: Assembling ecological communities: investigations into theory and practice. Advisor: Stuart L. Pimm.

Post-doc: Patterns in biological invasions. Advisor: Daniel Simberloff.

## Employment History

2009 – pres. Director, Graduate Program in Ecology and Evolution, Rutgers University.

2006 – pres. Associate Professor, Ecology, Evolution and Natural Resources, Rutgers University, New Brunswick, NJ.

2007-2008 Director, Hutcheson Memorial Forest, Rutgers University.

- 2006 – 2008 Director, Undergraduate Program, Ecology and Natural Resources Major, School of Environmental and Biological Sciences, Rutgers University.
- 2003 – 2006 Assistant Professor, Ecology, Evolution and Natural Resources, Rutgers University, New Brunswick, NJ.
- 1998 – 2003 Assistant Professor, Environmental Studies, University of California, Santa Cruz, CA.
- 1997 – 1998 Post-doctoral Research Associate, University of Tennessee, Knoxville, TN.

## Books

- In Prep      Lockwood, J.L., and B. Maslo (eds). *Coastal Conservation*. Cambridge University Press.
- 2009          Blackburn, T.M., J.L. Lockwood, and P. Cassey. *Avian Invasions: The Ecology and Evolution of Exotic Birds*. Oxford Avian Biology Series, Oxford University Press.
- 2007          Lockwood, J.L., M.F. Hoopes, and M.P. Marchetti. *Invasion Ecology*. Blackwell Scientific Press, UK.
- 2001          Lockwood, J.L. and McKinney, M. editors. *Biotic Homogenization*. Kluwer Academic/Plenum Publishers, New York.

## Journal Articles and Book Chapters (peer-reviewed)

- In Review.    Avery, J.D., D.M. Fonseca, and J.L. Lockwood. Cryptic invasion and the interpretation of island biodiversity. *Proceedings of the National Academy of Sciences*
- In Review.    Ricciardi A., M.F. Hoopes, M.P. Marchetti and J.L. Lockwood. Progress toward understanding the ecological impacts of non-native species. *Annual Reviews in Ecology, Evolution and Systematics*.
- In Review.    Brooks, W.R. J.L. Lockwood, R.C. Jordan. Tropical paradox: a multi-scale analysis of the invasion paradox within Caribbean hardwood hammocks. *Ecology*.

- In Review Gilroy, J.J., T. Virzi, R.L. Boulton, and J.L. Lockwood. A Bayesian approach to the 'apparent survival' problem: estimating true survival rates from capture-recapture studies. *Ecology*.
- In Revision Virzi, T., R.L. Boulton, M.J. Davis, J.J. Gilroy and J.L. Lockwood. Effectiveness of artificial song playback on the settlement decisions of an endangered resident grassland bird. *The Condor*.
- In Revision Gilroy, J.J., T. Virzi, R.L. Boulton and J.L. Lockwood. Too few data and not enough time: approaches to detecting Allee effects in threatened species. *Conservation Letters*.

## Professional Presentations

- 2011 Annapolis, Maryland – How important is propagule pressure in invasion ecology, Keynote Address, USDA Forum on Invasive Species.

- 2011 Statesboro, Georgia – Improbable foundations: the evolution of exotic birds on islands. Biology Alumna of the Year Seminar, Department of Biology, Georgia Southern University.
- 2009 Villanova, Pennsylvania – Homogenization of island bird faunas, Invited Seminar, Villanova University, Department of Biology.
- 2009 Newark, Delaware – Feeling less isolated: the fate of island bird diversity in the face of species invasions and extinctions, Invited Seminar, University of Delaware, Department of Entomology and Wildlife Biology.
- 2008 Davis, California – More than just a pretty face: what can we learn about biological invasions from non-native birds, Invited Seminar, Univ. of California Davis Ecology and Evolution Seminar Series.
- 2008 New York, New York – Propagule madness: definitions and null hypotheses in invasion ecology, Invited Seminar, Columbia University Ecology, Evolution and Environmental Biology, Seminar Series.
- 2008 Storrs, Connecticut – Propagule madness: definitions and null hypotheses in invasion ecology, Invited Seminar, Univ. of Connecticut Ecology and Evolution Seminar Series.
- 2008 Storrs, Connecticut – In it for the long haul: conservation of the Cape Sable seaside sparrow in the Everglades, Florida, Invited Seminar, Univ. of Connecticut Natural Resource Management Seminar Series.
- 2007 Miami, Florida – Status of the Cape Sable seaside sparrow: a view from the front lines, Invited Seminar, National Research Council, Everglades Restoration.
- 2006 New York, New York – The shape of things to come: taxonomic homogenization of island bird faunas, Invited, Lamont-Doherty Earth Observatory, Columbia University, Seminar Series.
- 2005 Hamilton, New Jersey – Conservation of grassland birds within Duke Farms, New Jersey Wildlife Society Annual Meetings.
- 2005 Newark, New Jersey – The role of propagule pressure in explaining invasion success, Rutgers Newark Biology Colloquium

- 2005 St. Louis, Missouri – The role of propagule pressure in explaining invasion success, Invited, Univ. of Missouri–St. Louis Biology Seminar Series
- 2004 New York, New York – Symposium Co-Chair, Slowing Homogenization: Conserving Native Species in an Age of Urban Sprawl, Society for Conservation Biology.
- 2004 New York, New York – The tribe has spoken : the case for using a multi-stage invasion model in our efforts to predict which non-native species will become harmful, Invited Seminar at Columbia University.
- 2004 Portland, Oregon – Biotic homogenization and the breakdown of biogeographic barriers. Invited Symposium Participant, Insights from Exotic Species, Ecological Society of America.
- 2004 Fairbanks, Alaska – Smoke on the water: the interplay of hydrology and fire and its effect on Everglades biodiversity, National Science Foundation Long-term Ecological Research Site Coordinating Committee Workshop.
- 2004 Statesboro, Georgia – The biology of nowhere; the loss of biodiversity through invasion and extinction, Georgia Southern University Department of Biology Distinguished Alumni Lecture.
- 2003 Las Vegas, Nevada – The biogeography of invasions: are we creating a homogenized biosphere? Invited Symposium Participant, Biogeography and Conservation, Inaugural Meeting of the International Society for Biogeography.
- 2003 London, England – Predicting which species will become invasive: what's taxonomy got to do with it? Invited Symposium Participant, Phylogeny and Conservation, The Zoological Society of London.
- 2003 Key Largo, Florida – The response of Cape Sable Seaside Sparrows to fire. Invited Symposium Participant, Sustainable Ecosystems Institute Symposium on Avian Ecology and Everglades Restoration.
- 2002 Tampa, Florida – Implications of Cape Sable seaside sparrow demography on Everglades Restoration. Invited seminar, Department of Biology, University of South Florida.
- 2002 Tucson, Arizona – Accounting for climate change and sea level rise in the restoration of hydrology-plant-bird interactions in the

- Everglades. Invited Symposium Participant, Restoration and Global Climate Change, Ecological Society of America.
- 2001 Kona, Hawaii – Biological homogenization: the loss and gain of species through invasion and extinction. Invited Symposium Participant, Maintaining Landscape Heterogeneity, Society for Range Management.
- 2000 Naples, Florida – The role of fire in sustaining populations of Cape Sable seaside sparrows within the southern Everglades. Greater Everglades Ecosystem Restoration Conference.
- 1999 Missoula, Montana – Biotic homogenization. Society for Conservation Biology.
- 1998 Davis, CA. – Biotic homogenization: a few winners replacing many losers in the next mass extinction. Invited, Conservation Biology Seminar Series, University of California, Davis
- 1997 Baltimore, MD. – Using taxonomy to predict the success of introduced avifauna: the relative importance of transport vs. establishment. Ecological Society of America annual meetings.
- 1996 Knoxville, TN – Patterns in the biotic homogenization of the global avifauna. Invited, Department of Ecology and Evolutionary Biology Seminar Series, University of Tennessee, Knoxville.
- 1995 Knoxville, TN - Assembling communities *in silico* , and in Kansas. Department of Ecology and Evolutionary Biology Seminar Series, University of Tennessee.
- 1995 Snowbird, Utah - Invadibility, diversity and equilibrium: assembly models without local stability assumptions. Invited Symposium Participant, Assembly Rules, Ecological Society of America.
- 1994 Knoxville, TN. Assembling agro-economically important communities. Evolutionary and Behavioral Ecology Seminar Group, University of Tennessee.
- 1991 Statesboro, GA. The role of competition in structuring some introduced passeriform communities on oceanic islands. Department of Biology Seminar Series, Georgia Southern University.

## Awards, Academic Honors

- 2011 Biology Alumna of the Year, Georgia Southern University.
- 2004 Distinguished Graduate Alumna, Department of Biology, Georgia Southern University.
- 2002 Awarded five-year Pepper-Gibberson Endowed Chairship, Co-held with Dennis Kelso, Environmental Studies, University of California, Santa Cruz – Declined.
- 1996 Science Alliance Graduate Student Award of Excellence, Univ. of Tennessee, Division of Biology
- 1987 Academic All American

## Grants and Fellowships

### *Research*

- 2011 Critical Ecosystems Science Initiative, National Park Service, Cape Sable seaside sparrow synthesis – \$32,000 (with S. Pimm, Duke University).
- 2011 McIntire-Stennis USDA-NIFA, Managing New Jersey forest for the benefit of shrub-dependent birds – \$59,500.
- 2011 Leverhulme Trust, Understanding biological invasions using propagule pressure models – Pending, £214,669 (\$350,000; with T. Blackburn and P. Cassey).
- 2010 National Geographic Society, Parasites and the invasion success of hosts, \$8,500 (with M. Hauber and P. Cassey )
- 2010 Critical Ecosystems Science Initiative, National Park Service, Recovering small Cape Sable seaside sparrow subpopulations: the breeding and dispersal of sparrows in the eastern Everglades – \$230,000
- 2009 Critical Ecosystems Science Initiative, National Park Service, Recovering small Cape Sable seaside sparrow subpopulations: the breeding and dispersal of sparrows in the eastern Everglades – \$230,000

- 2008 US Fish and Wildlife Service for Conspecific attraction and the recovery of the Cape Sable seaside sparrow (*Ammodramus maritimus mirabilis*) – \$75,000 (with R. Boulton)
- 2008 Critical Ecosystems Science Initiative, National Park Service for Recovering small Cape Sable seaside sparrow subpopulations: the breeding and dispersal of sparrows in the eastern Everglades – \$185,000
- 2008 US Fish and Wildlife Service, Developing an emergency management action plan for the endangered Cape Sable seaside sparrow (*Ammodramus maritimus mirabilis*) – \$37,184 (with G. Slater, R. Boulton, and S.L. Pimm)
- 2008 National Fish and Wildlife Foundation, Conservation of American oystercatchers in New Jersey – \$140,000 (with T. Virzi)
- 2008 Rutgers University Research Council, Conservation genetics of eastern bluebirds in Bermuda – \$1,940 (with J. Avery)
- 2007 Critical Ecosystems Science Initiative, National Park Service for Recovering small Cape Sable seaside sparrow subpopulations: the breeding and dispersal of sparrows in the eastern Everglades – \$152,000 (with R. Boulton)
- 2007 Bermuda Audubon Society for Conservation Status of Eastern Bluebirds in Bermuda, – \$2,000 (with J. Avery)
- 2007 National Geographic Society for Do non-native species show macro-evolutionary patterns? Non-native passerines and the Island Rule – \$14,000 (with B. Mathys)
- 2006 Critical Ecosystems Science Initiative, National Park Service for Recovering small Cape Sable seaside sparrow subpopulations: the breeding and dispersal of sparrows in the eastern Everglades, – \$45,172
- 2006 Duke Farms Foundation for Conservation of threatened grassland birds within Duke Farms; Phase Two, – \$10,000
- 2005 Duke Farms Foundation for Conservation of threatened grassland birds within Duke Farms; Phase One, – \$5450
- 2005 Critical Ecosystems Science Initiative, National Park Service for Fire effects on Cape Sable seaside sparrows, – \$146,000

- 2004 Critical Ecosystems Science Initiative, National Park Service for Fire effects on Cape Sable seaside sparrows, – \$99,000
- 2004 US Fish and Wildlife Service for Detailed study of nest success and causes of nest failure for the Cape Sable seaside sparrow, \$270,000
- 2003 Leverhulme Trust, United Kingdom, for Understanding biological invasions using avian model systems– £56,000 (\$100,000) (with T. Blackburn and D. Sol).
- 2003 Divisional Research Award for Documenting changes in the diversity and abundance of non-native plants within Hakalau National Wildlife Refuge, Hawaii, – \$4,000 – Declined.
- 2003 Critical Ecosystems Science Initiative, National Park Service for Fire effects on Cape Sable seaside sparrow demography, – \$92,000.
- 2002 Critical Ecosystems Science Initiative, National Park Service for research on The effects of fire and hydrology on the Cape Sable seaside sparrow, Everglades National Park – \$30,000
- 2002 Critical Ecosystems Science Initiative, National Park Service for Fire effects on Cape Sable seaside sparrow demography, Everglades National Park – \$75,000
- 2001 Critical Ecosystems Science Initiative, National Park Service for research on the Effects of fire and hydrology on spatial variability in demographic parameters of the Cape Sable seaside sparrow, Everglades National Park – \$50,000
- 2001 Divisional Research Award for Research on the communication gap between practitioners and academics when building nature reserve networks, Univ. of California, Division of Social Science – \$6,000
- 2000 Faculty Research Award for research on The effects of introduced birds on native Hawaiian Honeycreepers, Univ. of California, Division of Social Science – \$6,000
- 2000 Critical Ecosystems Science Initiative, National Park Service for research on The relationship between fire and breeding success in the Cape Sable seaside sparrow, Everglades National Park – \$60,000

- 1999 Committee on Research Fellowship for research on The insularity effects among birds introduced to oceanic islands, Univ. of California, Division of Social Science – \$6,000
- 1998 Critical Ecosystems Science Initiative, National Park Service for Demographic study on the Cape Sable seaside sparrow, Everglades National Park – \$20,000
- 1994 Alexander Hollander Fellowship, Univ. of Tennessee, Division of Biology – \$12,000
- 1994 Summer Research Assistant Fellowship for Assembling ecological communities at the Land Institute, Salina Kansas, Univ. of Tennessee, Division of Biology – \$3,000
- 1991 Graduate Student Research Grant for Field work on exotic birds of Bermuda, Georgia Southern University – \$500
- 1990 Graduate Student Travel Grant for Travel to United States National Museum of Natural History, Washington, D.C., Georgia Southern University – \$1,000

### *Teaching*

- 2008 Digital capabilities in Ecology and Organismal Biology Lab Courses – \$7,100 (Rutgers University, with D. Howe).
- 2007 Ecology, Evolution, and Natural Resources Teaching Laboratory Upgrades – \$5,667 (Rutgers University)
- 2006 Upgrading Ecology, Evolution and Natural Resources Teaching Collection – \$20,600 (Rutgers University, Cook College)

## **Courses Taught**

### *Formal Courses*

- 2009 – pres. VERTEBRATE ZOOLOGY (undergraduate) – Rutgers University.
- 2008 – pres. SEMINAR IN ECOLOGY (graduate required) – Rutgers University
- 2007 – pres. ECOLOGY OF THE JERSEY SHORE (Byrne Freshman Seminar Series) – Rutgers University

- 2005 – pres. TOPICS IN ECOLOGY, EVOLUTION AND NATURAL RESOURCES (undergraduate) – Rutgers University
- 2003 – pres. PRINCIPLES OF ECOLOGY (undergraduate), co-taught – Rutgers University
- 2010 SPECIAL TOPICS IN ECOLOGY: CLASSIFICATION AND REGRESSION TREES (graduate) – Rutgers University.
- 2009 SPECIAL TOPICS IN ECOLOGY: INFORMATION THEORETIC STATISTICS (graduate) – Rutgers University.
- 2008 SPECIAL TOPICS IN ECOLOGY: DISTANCE SAMPLING (graduate) – Rutgers University.
- 2005 SPECIAL TOPICS IN ECOLOGY: ECOLOGICAL ECONOMICS (graduate) – Rutgers University.
- 2004–2008 FIELD TECHNIQUES IN ECOLOGY AND NATURAL RESOURCES (undergraduate), co-taught – Rutgers University.
- 2004–2007 WILDLIFE ECOLOGY AND CONSERVATION (undergraduate) – Rutgers University.
- 2003 TOPICS IN RESEARCH IN ENVIRONMENTAL STUDIES: THE EVOLUTION OF LIFE HISTORIES (graduate seminar) – Univ. of California.
- 2003 TOPICS IN RESEARCH IN ENVIRONMENTAL STUDIES: NULL MODELS IN ECOLOGY (graduate seminar) – Univ. of California.
- 2002 ANIMAL ECOLOGY AND CONSERVATION (undergraduate upper-division) – Univ. of California.
- 2001 – 2003 CONSERVATION BIOLOGY (undergraduate core course) – Univ. of California.
- 2001 – 2003 GRADUATE RESEARCH SEMINAR (graduate core course) – co-taught with D. Kelso at Univ. of California
- 2001 ADVANCED READINGS IN ENVIRONMENTAL STUDIES: ON THE ORIGIN OF SPECIES (graduate seminar) – Univ. of California
- 2000 – 2003 CONSERVATION BIOLOGY (graduate core course) – Univ. of California.

- 2000 TOPICS IN RESEARCH IN ENVIRONMENTAL STUDIES: CONSERVATION POLICY (graduate seminar) – co-taught with D. Press at Univ. of California
- 2000 – 2003 ADVANCED AVIAN RESEARCH: FIELD TECHNIQUES AND ANALYTICAL TOOLS (senior exit course) –Univ. of California.
- 1999 – 2001 NATURAL HISTORY OF BIRDS (undergraduate) – Univ. of California.
- 1998 TOPICS IN RESEARCH IN ENVIRONMENTAL STUDIES: ECOLOGICAL STATISTICS (graduate seminar) –co-taught with K. Holl at Univ. of California.
- 1997 TAXONOMY AND CONSERVATION (graduate seminar) –co-taught with M. McKinney at Univ. of Tennessee.

### *Other teaching*

- 2005 George H. Cook Thesis, “Bias in estimating the population sizes of grassland birds”, Ryan Sklar, Rutgers University.
- 2004 Senior Thesis, “Interactions between small rodent populations and impacted tropical rainforests in Costa Rica”, Lindsey Buis-Kelley, Univ. of California, Santa Cruz.
- 2002 Senior Thesis, “Molokai; a classification of the Coastal Zone using ArcView 3.0”, Travis Eaton, Univ. of California, Santa Cruz.
- 2001 Senior Internship, “The Western Burrowing Owl: Status and distribution on the University of California Campus, Santa Cruz, California.” Loni Beyer, Univ. of California, Santa Cruz.
- 2001 Senior Thesis, “Life History of the Bushtit: Species account and project proposal.” Rama Heinrich, Univ. of California, Santa Cruz.
- 2001 Education Abroad Program project, “Lerp psyllids and bird communities in California: Food web implications of a highly specialized invasive species in a disturbed environment.” James Gilroy, Univ. of East Anglia, Norwich, UK.
- 1999 Senior Thesis, “Identifying movement corridors for mountain lions on the central California coast”. Michelle Korpos, Univ. of California, Santa Cruz.

## Current and Former Students and Post-docs

### Current Students

- Kevin Aagaard Rutgers University, Ph.d. Candidate. Contemporary evolution of brood parasite-host interactions of non-native birds.
- J. Curtis Burkhalter Rutgers University, Ph.d. Candidate. Mechanisms of conspecific attraction in grassland birds.
- Orin J. Robinson Rutgers University, Ph.d. Candidate. Effects of red fox predation on coastal bird populations.
- Julian Avery Rutgers University, Ph.d candidate; Origin and evolution of eastern bluebirds on Bermuda.

### Former Students

- Dr. Blake Mathys 2009, Ph.d. Rutgers University, Morphological evolution of birds recently introduced to islands: patterns of diversification. Currently a Visiting Assistant Professor at Ohio Dominican College.
- Dr. David La Puma 2009 Ph.d. Rutgers University, Come hell or high water: conservation of the federally endangered Cape Sable seaside sparrow (*Ammodramus maritimus mirabilis*) in the dynamic Everglades. Currently a Research Scientist at New Jersey Audubon Society.
- Dr. Alison (Siegal) Nurok 2009 Ph.d. Rutgers University, Maximizing the effectiveness of grassland management for a grasshopper sparrow (*Ammodramus savannarum*) metapopulation. Currently a Research Assistant Professor at Middlebury College, VT.
- Dr. Benjamin Baiser 2009 Ph.d. Rutgers University, Biodiversity in a rapidly changing world: from local interactions to large scale patterns. Currently a post-doctoral research associate at Harvard Forest.
- Dr. Tom Virzi 2008 Ph.d. Rutgers University, Effects of urbanization on the distribution and reproductive performance of the American Oystercatcher (*Haematopus palliatus palliatus*) in coastal New Jersey. Currently a research scientist at Center for Remote Sensing and Spatial Analysis at Rutgers University.

- Dr. Liba Pejchar 2004 Ph.d, University of California Santa Cruz, “Ecology of an endangered Hawaiian Honeycreeper and implications for conservation on private land”. Currently an assistant professor at Colorado State University.
- William Lynch 2009 Rutgers University, M.Sc. “Avian communities and their status in North American wetlands”. Currently employed by Rutgers University.
- Thom Almendinger 2007 Rutgers University, M.Sc. “Overabundant White-tailed Deer and the Alteration of Forested Communities”. Currently employed as Natural Resource Specialist, Duke Farms, Somerset, New Jersey.
- Robert Somes 2006 Rutgers University, M.Sc. “The Future of Fire Management in the New Jersey Pine Barrens”. Currently employed by New Jersey Endangered and Nongame Species Program.

### *Post-Docs*

- Dr. James Gilroy 2010–present, Rutgers University, “Population dynamics of the Cape Sable seaside sparrow”.
- Dr. Tom Virzi 2008–2011, Rutgers University, “Conservation of coastal birds”. Currently a Research Scientist at Rutgers University.
- Dr. Rebecca Boulton 2005-2009, Post-doc, Rutgers University, “Dynamics and management of small populations of Cape Sable seaside sparrows”. Currently Honorary Staff School of Earth and Environmental Sciences, University of Adelaide, AUS
- Dr. Phillip Cassey 2003-2004, Post-doc, Rutgers University, “Trend analyses for Cape Sable seaside sparrows.” Currently a Professor at School of Earth and Environmental Sciences, University of Adelaide, AUS

### **University Service**

- 2009 – pres. Member, Executive Committee, Hutcheson Memorial Forest, Rutgers University.

- 2009 – pres. Member, Biological Sciences Advisory Committee, Rutgers Graduate School, New Brunswick.
- 2009 – pres. Member, Executive Council, Ecology, Evolution and Natural Resources, Rutgers University.
- 2004 – pres. Member, Undergraduate Curriculum Committee – Ecology, Evolution and Natural Resources, Rutgers University
- 2005 – pres. Project Leader, Wildlife Conservation – Grant F. Walton Center for Remote Sensing, Rutgers University
- 2009 Member, Review Panel for Graduate Student Excellence Fellowships, School of Environmental and Biological Sciences, Rutgers University.
- 2008 Member, Review Panel for Infrastructure grants, School of Environmental and Biological Sciences, Rutgers University.
- 2007 – 08 Member, Search Committee for Fisheries Oceanographer – Institute for Marine and Coastal Sciences, Rutgers University.
- 2006 *Ad hoc* committee to consider the freshman experience at the School of Environmental and Biological Science, Rutgers University.
- 2005 *Ad hoc* committee member for Cook College Dean, Transforming Undergraduate Education, Rutgers University.
- 2005 Member, Committee on Mentoring Faculty, Cook College, Rutgers University.
- 2004 – 2005 Member, Faculty Council – Rutgers University New Brunswick Campus.
- 2004 – 2007 Executive Board Member – Ecology and Evolution Graduate Program, Rutgers University.
- 2004 – 2007 Seminar Series Coordinator – Ecology and Evolution Graduate Program, Rutgers University.
- 2004 – 2007 Member, Graduate Curriculum Committee – Ecology and Evolution Graduate Program, Rutgers, University.
- 2001 Chair, Search Committee for Senior Museum Scientist – Univ. of California, Environmental Studies.

- 2001–2003 Co-supervisor, Senior Museum Scientist – Univ. of California, Environmental Studies
- 2001 – 2003 Member, Campus Land Use Management Advisory Committee – Univ. of California.
- 2000 Member, Graduate Seminar Committee – Univ. of California, Environmental Studies.
- 2000–2001 Member Long-range planning committee – Univ. of California, Environmental Studies.
- 1999 – 2000 Member, Graduate Committee – Univ. of California, Environmental Studies.
- 1999–2003 Member, Curriculum Committee – Univ. of California, Environmental Studies.
- 1999 Member, Search Committee for Soil Scientist – Univ. of California, Environmental Studies.
- 1995 Graduate Student representative for Graduate Student Handbook formulation, Univ. of Tennessee, Dept. of Zoology

## Professional Service

### *Editorial*

- 2008 – pres. Editorial Board – *Biological Invasions*
- 2009 – pres. American Editor (Zoology), *Biological Conservation*
- 2001 – 2009 Editorial Board – *Conservation Biology*
- 2005 – 2007 Associate Editor – *Global Ecology and Biogeography*
- 2001 – 2005 Editorial Advisory Board – *Global Ecology and Biogeography*
- 2004 – 2007 Editorial Board – *Animal Conservation*

### *Peer Review*

- Ongoing Outside reviewer for proposed books: Oxford University Press, Cambridge University Press, University of Chicago Press.

- Ongoing Peer review for *Science, Biodiversity and Conservation, Behavioral Ecology, Diversity and Distributions, Ecological Restoration, The Condor, Ardeola, American Naturalist, Landscape Ecology, Biological Invasions, Biological Journal of the Linnean Society, Ecological Applications, Biological Conservation, Journal of Ecology, Proceedings of the Royal Society of London, Series B, Ecology Letters, Trends in Ecology and Evolution, Wilson Bulletin, Restoration Ecology, Wildlife Research, BioScience, Functional Ecology, Ecological Economics, Frontiers in Ecology and the Environment, Ecography, Climate Change, Molecular Ecology.*
- Ongoing Grant reviews – National Geographic Society, National Science Foundation Division of Environmental Biology, Lincoln Park Zoo Scott Neotropical Fund, BiodivERsA: Research for the understanding of European Biodiversity.
- 2009 – pres. Review Panel, *Women in Wildlife Award*, Conserve Wildlife Foundation, New Jersey.
- 2011 Outside reviewer for Matthew Grainge's PhD dissertation, Faculty of Natural Resources and Agricultural Science, University of Pretoria, South Africa.
- 2011 Technical Review Team Member, Northeast Association of Fish and Wildlife Agencies (NEAFWA), Regional Conservation Need (RCN) program
- 2010 Outside Member for Senior Thesis for Kyle Rosenblad, Brown University.
- 2007 – 2009 National Science Foundation review panel for Dissertation Improvement Grants - Ecology.
- 2005, 2006 Peer Review Committee Member, *Landscape Project*, New Jersey Division of Fish and Wildlife, Non-game and Endangered Species.
- 2007 Outside reviewer for Martin Taylor's Master of Science thesis, Faculty of Natural Resource and Agricultural Science, University of Pretoria, South Africa.
- 2004 Outside reviewer for Theo Wassenaar's Ph.d dissertation, Faculty of Natural and Agricultural Sciences, University of Pretoria, South Africa.
- 2000 Outside reviewer for P. Cassey's Ph.d dissertation, Australian School of Environmental Studies, Griffith University.

## Advisory

- 2001 – 2011 Advisory Panelist – *Managing fire within Everglades National Park for Cape Sable seaside sparrows*. Everglades National Park, Big Cypress National Preserve, and USFWS
- 2006 Participant and Sub-Group Co-Chair – *The link between propagule pressure and aquatic nonnative invasion success and impacts*, United States Environmental Protection Agency Workshop, Washington, DC.
- 2005 Participant, New Jersey Wildlife Summit, Hamilton, New Jersey.
- 2005 – 2007 Chair, Nominations Committee, New Jersey Wildlife Society
- 2004 – 2008 Member, Scientific Advisory Panel, *Important Bird Areas of New Jersey*, New Jersey Audubon Society.
- 2004, 2005 Participant in National Center for Ecological Analysis and Synthesis workshop on *Exotic species – insights into understanding ecology, evolution and biogeography*.
- 2003 Symposium Chair *Invasive Species Effects*– 5th Annual Bay Area Conservation Biology Symposium, Berkeley, California.
- 1999–2002 Participant in National Center for Ecological Analysis and Synthesis workshop on *Phylogeny and Conservation*.
- 1996 Participant in National Center for Ecological Analysis and Synthesis workshop on *Sampling Curves*.

## Media

- 2009 Interview for *BBC Online* on extinction patterns within geological and modern taxa
- 2007 Interview for *High Country News* Feature Article “Wish You Weren’t Here” on the invasion of quagga mussels in Lake Mead, Arizona.
- 2000 Interview for *Miami New Times* on Cape Sable seaside sparrow and Everglades Restoration.
